## New tours of Canada 2010

### Everything Canadian —Vancouver Island

If you don't have time to see all Canada has to offer, then this tour package is for you... Vancouver Island has it all, see it at your own pace and in only ten days. You'll see the mountains, killer whales, Grizzly bears, the rugged Pacific coastline, the elegance of Victoria, British Columbia's capital. Wine and dine your way through the rich, gentle rolling agricultural lands of the south. Find out why Campbell River is the salmon capital of the world, explore the wilderness of the islands north. It's all here ...waiting for you.

### Golf Tours of California and Western Canada

If golf is your game, come play a round on some of the most spectacular courses going. We can customise itineraries to suit your requirements.
